Medical & Dental Services

Healthcare is the heartbeat of HealthServe. Each year, thousands of migrant workers walk through the doors of our community medical and dental clinics located in Geylang.

Accept

Our clinics offer subsidised health services to low-wage migrant workers with inadequate health assistance. We primarily support migrant workers in the construction, marine and process (CMP) sector.

On top of providing medical and dental care, we also offer specialist consultations (orthopedics, dermatology) and rehabilitation services (occupational therapy, physiotherapy).

For both consultation and medication, patients only need to pay a flat fee of \$8 for acute conditions and \$15 for chronic disease care and dental services. Fees are waived for migrant workers who are Special Pass holders or those who have been referred by other partner NGOs.

2022 Impact Summary

2,900

Chronic disease
consultations

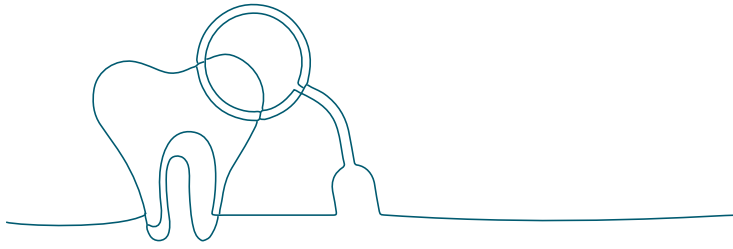

3,100

Acute
consultations

Hear From Our Community

“

HealthServe has made me feel more secure about being in a foreign country and reminded me not to be afraid or lonely in case I need medical or emotional support.
